TRULY OBJECTIVE TONOMETRY

Your guided view to precise IOP measurements with ActiView Positioning System.

Tono-Vera® Tonometer

Your guided view to precise IOP measurements.

Introducing the all-new Reichert® Tono-Vera® Tonomete featuring the advanced, patent-pending ActiView Positioning System, that quickly guides you to the apex of the cornea, giving you confi dence in your intraocular pressure (IOP) readings. Tono-Vera automatically measures when aligned, providing more objective and repeatable results.

Tono-Vera utilizes gentle rebound tonometry technological eliminating the need for topical anesthetic. Designed with the eye care professional in mind, the innovative Tono-Vera System includes a base that efficiently stores and dispenses Ocu-Dot® Tonometer Probes.

- ocu-dot"-

Reichert® is technology, tradition, and trust.

For over 75 years, Reichert has paved the way for continuous advancement in tonometry and glaucoma diagnostics. With the introduction of Tono-Vera, Reichert now off ers the most comprehensive line of tonometry solutions.

Tono-Vera Tonometer is brought to you by the people who are passionate about eye care.

A more objective measurement ActiVie Positioning System.

The Tono-Vera ActiView Positioning System features a furcolor view of the eye combined with intuitive, interactive alignment prompts to guide the user precisely to the aperof the cornea. When proper alignment is achieved Tono-Vera automatically measures, providing a result in as few as three measurements. Intuitive color-coded ring indicate the reliability of the reading.

All the important informati always on display.

- -1 FlexiSoftForehead Rest
- Bluetooth® Connectivity
- 3 Battery Status
- Probe Angle Indicator
- 5 ActiView Target
- 6 Number of Measurements
- Measurement Mode
- 8 OD/OS IOP Measurements
- 9 Select OD/OS Buttons
- Multi-Function Select Button

Tono-Vera®, innovative and thoughtfully designed.

- Available in two models Rechargeable or AA Battery. Rechargeable Model means fewer
 batteries in landfills and a device that is always ready to use. AA Battery Model goes anywhere
 and allows for a quick and easy battery change with no additional tools required. Rechargeable
 and AA Battery Packs are interchangeable, providing ultimate flexibility.
- · Lightweight, ergonomic, and calibration-free.
- Included multi-purpose Tono-Vera Base docks and charges* your device while also conveniently storing and dispensing Ocu-Dot Tonometer Probes.
- Innovative FlexiSoffbrehead Rest has been designed for easy distance control and patient comfor
- · Bluetooth enabled, allowing for software updates and Electronic Health Record connectivity.
- Ready for the road with the durable and lightweight protective Carry Case.

Ocu-Dot® Tonometer Probes

Specially designed for Tono-Vera Tonometers, Ocu-Dot Tonometer Probes are single-use, individually packaged for fast and easy loading, and come in boxes of 100 count.

Specifications

16305 Tono-Vera Tonometer Starter Kit - AA Battery

16306 Tono-Vera Tonometer Starter Kit - Rechargeable

16325 Tono-Vera Tonometer Starter Kit - AA Battery CE Marked

16326 Tono-Vera Tonometer Starter Kit - Rechargeable CE Marked

16307 Ocu-Dot Tonometer Probes - 100 Count

Dimensions: 21.25 x 6.6 x 3.0 cm (8.4 x 2.6 x 1.2 in)

Display Dimensions: $2.8 \times 2.8 \text{ cm} (1.1 \times 1.1 \text{ in})$

Weight (without batteries): 120.3 g (4.2 oz)

Measurement Range: 5-60 mmHg (Display Range: 1-99 mmHg)

Accuracy: ±1.0 mmHg (5-20 mmHg), ±1.7 mmHg (21-60 mmHg)

Measurement Distance Range: 6 mm (±1.5 mm) Power Source: Lithium-ion or Four AA Batteries

Language Facility Common Faculty Consider the line

Languages: English, German, French, Spanish, Italian, Por

Warranty: Two Years

^{*} Rechargeable model only.

Improving eye care through continuous innovation.

Reichert is a global innovation leader in tonometry, offering a wide-range of tonometry options including Reichert® 7CR Auto Tonometer with Corneal Compensated IOP (IOPcc), Ocular Response Analyzer® G3 with Corneal Hyste the unique Model® Measurement with tonography and ocular pulse amplitude, the award-winning Tono-Pen AVIA® Tonometer with QuickTap® Measurement Mode, and now the advanced Tono-Vera Tonometer with ActiView Positioning System.

Every day we bring American innovation and high-quality craftsmanship to our eye care diagnostic devices, sharing in your passion to provide patients with the best care and experience possible.

Tono-Vera is designed, engineered, and assembled **SEC**USA.
